

REMARKS

Claims 7 through 11, 19 through 23, and 25 through 32 have been allowed and remain in the application.

The specification was objected to because Figure 6D is contained in the drawings, but is not listed in the Brief Description of the Drawings in the specification. Applicants respectfully traverse this objection.

The specification has been amended on page 5, lines 4 through 6, to add a description of the drawing for Figure 6D under the Brief Description of the Drawings. No new matter has been entered and the amendment does not affect the allowability of the claims. It is respectfully submitted that the specification is allowable.

Based on the above, it is respectfully submitted that the amendment does not affect the allowability of the claims. It is respectfully requested that this Amendment be entered under 37 C.F.R. 1.312.

Respectfully submitted,

By:
